## **DESCRIPTION**

***Our Annual Pow Wow Camp adventure returns once again will host some traditional skills found in Scouting, plus add in elements purely for fun, all wrapped up in a methods of transportation theme.***

***Rails Puzzle: Build the Train puzzle, get it on the tracks, and then move your team along the tracks and back! It's a timed challenge, but singularly; one pack at the "Station" at a time. So just do your best!***

***Crafts: Two crafts for the youth to enjoy!***

***Create your engineers cap***

***Transportation themed Woggles; pick your travel mode and paint***

***Airline Orienteering: Find the heading, and launch your plane! Find the flight markers for your next heading(s) and return to the airport with the marker description as quickly and accurately as you can!***

***Moving Goods: Motorised wheeled vehicles weren't always available when moving from one place to another. Using your lashings, build a travois and move your goods from one place to another and back!***

***There are more possibilities; look for more later!***
